

EQUIVALENT FRACTION CAPTURE

Object: The player with the most points wins.

Procedure:

1. Stand up the folded cards in the middle of the table.
2. Turn over the top fraction card.
3. The players reduce the fraction and grab the folded equivalent card. The first player to touch the card gets it. That player receives one point and returns it to the middle of the table. If a player grabs a card that is not equivalent they lose a point.
